

## 2d Technical Drawing " Nut - Bolt Assembly"

### SPECIFICATION

Component : Hexagonal Head Bolt with Nut

Material : Mild Steel (MS)

Manufacturing Process : Forging and Machining

Thread Type : Metric ISO Thread

Thread Specification : M10 × 1.5

Overall Length of Bolt : 39 mm

Threaded Length : 36 mm

Head Type : Hexagonal

Across Flats (Bolt Head / Nut) : 19 mm

Bolt Head Thickness : 6 mm

Nut Thickness : 8 mm

Chamfer : 1 × 45° on all sharp edges

Finish : Machine finish

Units : Millimetres (mm)

Scale : 1 : 1
